

# Time Line Project Example 2

This image shows a large, colorful time line project on a wall. The project is organized into a grid of sections, each dedicated to a different person. The names of the individuals are written in large, decorative letters at the top of their respective columns: Anna, Lia, and Roshni. Each section contains a series of small photographs and handwritten notes, likely describing key events or milestones in the person's life. The notes are written in cursive and are interspersed with the photos. The overall layout is a grid, with the names at the top, followed by a row of photos and notes, and then another row of photos and notes. The project is mounted on a light-colored wall. On the left side, there is a large, colorful graphic that says "HEZ'S" in purple and pink letters, with a large orange and blue flower below it. The photos are small and appear to be printed from a camera or a scanner. The handwritten notes are written in black ink on white paper. The project is a creative and personal way of documenting someone's life.

**Anna**

**Lia**

**Roshni**

**HEZ'S**
