

Homework Help

Mathematics for Grades 7, 8, 9 and 10

Homeworkhelp.ilc.org

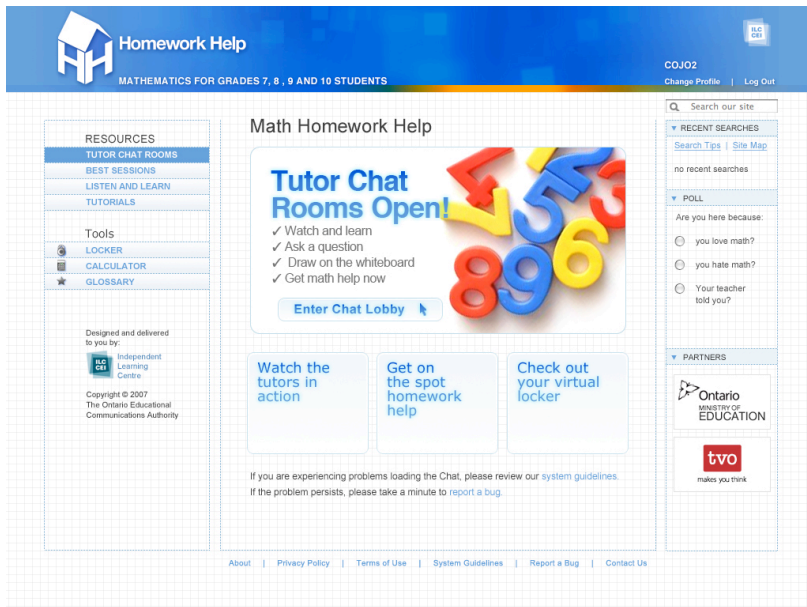

Registration Information for Teachers in DUFFERIN-PEEL CATHOLIC DISTRICT SCHOOL BOARD ACCESS CODE: DPCDSB39709

- Step 1:** Book the computer lab at your school
Step 2: Tell the students they are registering for **FREE AFTER SCHOOL MATH HELP**
Step 3: Help register the students in the computer lab
Step 4: While in the lab, tour the site and watch the chat room demo with your students

Registration Information:

Website	http://homeworkhelp.ilc.org
Username	Students must create a unique username containing 5 or more characters. To remain anonymous, usernames should not resemble student's name. Usernames are not case sensitive and cannot contain spaces.
Password	Students must create a password containing 6 or more characters. Passwords are case sensitive and can include numbers.
Retype Password	Students must retype the password for verification purposes.
Email Address	Students must enter a valid and frequently used email address. Registration email will be sent automatically containing their username and password as a reminder only. Students are NOT required to access their email accounts to complete registration.
Type of User	Select 'Student' - All students will have full access to the Homework Help website. By selecting 'Student', users are prompted to enter an access code. Select 'Guest' - Guest users can include parents, teachers, school board members, etc. Guest users have limited access and cannot participate in a live chat session. Guest users are not required to enter an access code.
First & Last Name	Students are required to enter their given first and last name. This information will be kept confidential and will not appear anywhere on the website. Student names are reserved for the sole purpose of username and password retrieval when the email address is invalid. Students will remain anonymous online and only the username will appear in the chat room.
Access Code (see top of page)	Student users are required to enter the Board's designated access code. The access code will not be required again after the initial registration. Entering the access code will ensure all students in the participating school boards exclusive access while prohibiting public use.
Grade	Students must select their current grade.
Terms of Use & Privacy Policy	All users must agree to the Terms of Use and Privacy Policy. Please click the links for more detailed information.
Register	Click 'Register' to complete the registration process. If an error occurs, please read the error message carefully for more information.
Contact us	Please do not hesitate to email homeworkhelp@tvo.org should you require more information or further assistance.

*****It is important for students to remember their username and password for future visits. Students must login with their username and password in order to gain exclusive access to the Homework Help website available all year long.*****

What next?

After your students have successfully registered, they will obtain exclusive access to the Homework Help website.

We suggest the following orientation activities for your students:

1. Review 24/7 resources:

- Best Sessions
- Listen & Learn
- Tutorials

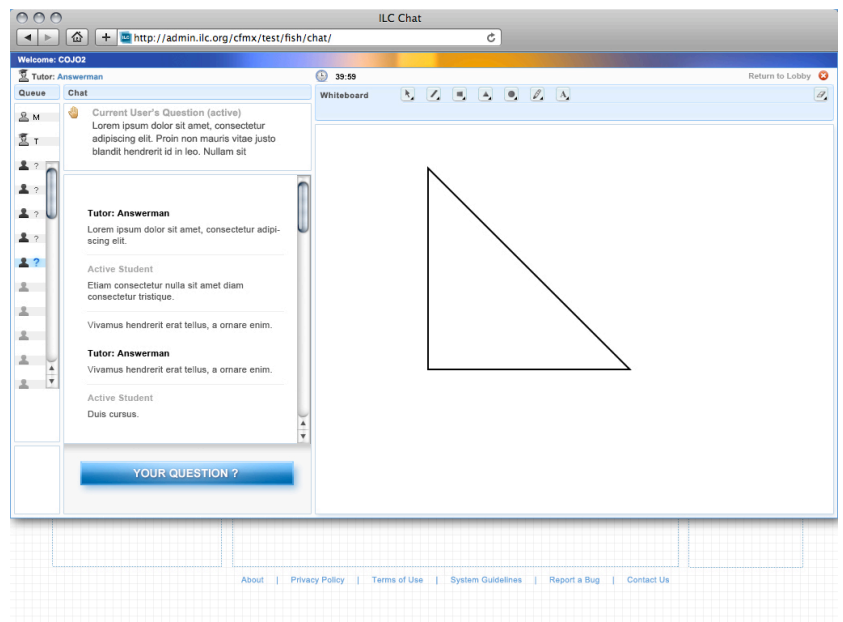

These resources are available to help students when Tutor Chat Rooms are closed.

2. Click 'Watch the tutors in action' to demo the chat:

- How to choose a grade
- How to select a tutor and enter a chat room
- How to ask a question
- How to use the interactive whiteboard
- How to access the Locker

Points to remember:

- Tutor Chat Rooms are open Sunday to Thursday from 5:30pm to 9:30pm
- Students can watch and learn without asking a question
- When a student asks a question, their chat session will automatically be saved to their virtual Locker

3. Continue exploring the Homework Help website:

- Locker
- Scientific Calculator
- Glossary
- Change Profile
- Search our site
- Poll

4. Homework Help is Free & Anonymous!

Finally, remind students that the Homework Help website is free and available all year long. The online tutors are always ready and willing to help with any math homework question. Don't forget, students will always remain anonymous online!
