Instructors: Cindy Fleming 464-8204
Dustin Binnicker 464-8121

Supplies: **Engineering Notebook / Portfolio** (folder with 3 brads and 2 pockets)
Pencil with Eraser
$15.00 Lab Fee for student projects

Curriculum: This is a cutting-edge program which addresses the interest and energy of middle school students, while incorporating national standards in math, science and technology. It is "activity oriented" to show students how technology is used in engineering to solve everyday problems. The instructional units excite and motivate students to use their imaginations and teach them to be creative and innovative, while gaining the skills they need to develop, produce and use products and services. Many of the activities involve the use of machinery, tools, and equipment used in industry. Students will be allowed to use the materials and equipment after proper instruction in safety.

Class Rules:
RESPECT YOURSELF **(be on time, come ready to learn)**
RESPECT OTHERS **(allow others to learn)**
REPECT PROPERTY **(treat tools and equipment with care; ask permission before touching other's belongings)**

ZERO TOLERANCE FOR HORSEPLAY IN THE PRODUCTION LAB

Lab Fee:

There is a **$15.00 lab fee** which helps cover the cost of kits and supplies for your student's projects.
