

# Second Grade Scoop!

For the Week of Dec 5 - 9

## Super Science

We will review and administer the second science CBA. It will cover our lessons on Force, Motion, and Energy.

## Magical Math

Students will learn to name fractions for a shaded region or to name parts of a set.

We will be reviewing basic addition facts as well.

## Social Studies

In Social Studies, the students will be comparing and contrasting holiday traditions around the world.

## Stupendous Spelling

In Spelling, students will read and spell words with the following spelling rules: vowel consonant silent e (VCe) and rime pattern -ing.

## Reader's and Writer's Workshop

Reading: We will be exploring the fabulous author Jan Brett and her many winter-inspired books.

Writing: students will learn to support their partners by suggesting revisions. They will learn to revise their sentences so they will be able to "show" the reader what they are describing instead of just "telling" them. Students will also learn how to develop a strong ending that ties their story together.
