

Test Score Trouble

OOPS! Today I am supposed to tell my parents my grades on my last five math tests, but I forgot to bring the list home. I do remember these facts about my scores:

- I had one perfect test with a score of 100.
- The mean, median, and mode for my set of test scores turned out to be the same: 83.
- The range of my scores is 42.

What are my five test scores? _____
